great

False advertising. Not what I expected

My four year old decided he wants to be a farmer when he grows up and this book was the perfect fit for him to engage in some imaginative play. Deanna has really thought of everything when compiling this book. Her detailed instructions make the projects so easy and I love how the pieces either punch out or are stickers, eliminating tedious cutting. My son has spent HOURS playing with his farmers market. Not only does she outline how to create an amazing farm and market but the book is also full of activities. My son and I went to our local farmers market and had a blast doing the scavenger hunt found in the book. We plan on visiting a local farm soon too so that we can complete more of the activities.

Brilliant activity book and the perfect compliment to my daughter's farmers market birthday party!

This is such a delightful book filled with engaging illustrations and fun hands-on activities for children and adults to create together to encourage open-ended play with a farmer's market theme.

Farmers Market Create-and-Play Activity Book is fantastic! Great activities, adorable pictures, colorful punch-out figures, and a wealth of information. I immediately integrated this book and its activities into my preschool Â¢Â ª 4th grade English as a Second Language classes. The children love this book! We have had hours of fun on the farm so far, and we are looking forward to many more good times at the farmerÂ¢Â ªs market in the future! I can highly recommend this book to anyone living and/or working with young children! I received a copy of this book from the publisher via NetGalley in exchange for an honest review.
