# Winning Declarer Play

## Synopsis

LEARN DECLARER PLAY FROM AN EXPERT This classic book, a bestseller for more than forty years, has been updated for this edition by Gail Greenberg, a frequent partner of Dorothy Truscott, and like her a World Champion. Dorothy had a unique ability to make complex bridge concepts simple to understand, and everything here, from the basics to the most complicated squeeze or endplay, is described in an interesting and easy-to-follow way. In addition to the technical material, the reader will also learn when and how to use deceptive tactics to give the opponents a chance to make mistakes. Each chapter has many sample hands to test and challenge the reader. Dorothy Hayden Truscott (1925-2006) was the top-ranked woman bridge player for many years. She won four World titles and twenty-eight National titles including the Life Master Pairs and the Blue Ribbon Pairs. She also came in second in the Bermuda Bowl and placed third in the World Open Pairs, the highest finish ever by a woman. Dorothy was a World Bridge Federation Grand Master, and was elected to the Bridge Hall of Fame in 1998. She is the author of the classic bridge book *Bid Better, Play Better*, and she co-authored several books with her husband Alan Truscott. Among her contributions to bridge theory are splinter bids and DOPI.

## Book Information

Paperback: 280 pages

Publisher: Master Point Press (January 4, 2013)

## Customer Reviews

Best book for declarer play for any level of bridge player. I have given this book to life masters (experts) and they learn something in the first five pages. I have recommended this book to at least 10 players, all partners at one time or another. Great book.

This is a wonderfully well written book. I am a newer player and all these techniques make complete

sense to me. I have to read it a little bit at a time. When I finally finish it I will definitely read it again. Thanks for such a great book.

One of the best books on declarer play ever, and it must be 40 years old at least.

This highly professional, progressive series of player hands and play management is the best! Dorothy Truscott knew what she was doing and this modern update is superb.

The Best! It is a must read for serious bridge player.

Easy to understand and a great reference for intermediate players trying to improve their game.

The best book for those who want to learn how to think, not just follow rules

I loved every chapter. The elementary parts I believe I mastered it. She makes all very clear. I need to still improve advanced plays but with this book's help, I will get there slowly.
