## Customer Reviews

Book by Abramowski, Dwain, Davison, Sandra, Terrell, Mike

This book is very detailed about the area, maps, and things to see. Includes directions to the trail your heading to. I haven't gone to any of the trails yet due to the weather, but I have read a few of them and I am very impressed with this book.

The most important part of this book is its completeness. Once you own it, you'll never get bored because of lack of trails to go on. It's very complete, giving you maps of the area, general difficulty, and things to watch out for when on the trails. The only thing they seem to fail to mention is the nearest hospital for some of the more extreme ones. They don't get a lot of the orth Country Trail on here, so if you want that get the book on the northern trails of Michigan. Good luck and good biking!
