Landry Q. Walker lives in El Sobrante, California, and has been making stories happen for over twenty years. His work includes several Star Wars™ novellas, a New York Times bestselling collaboration with Dean Koontz called House of Odd, and the beloved comic book series Supergirl: Cosmic Adventures in the 8th Grade for DC Comics. He also co-created the comic book Little Gloomy, which now airs internationally as the animated TV show Scary Larry.

I am SOOO happy with this. I was worried that it wouldn't contain any mentions of DC Rebirth, but it

does! Her "new" Rebirth origin story is still unfolding so the book only mentions hints of what's to come but they do show her new post-rebirth costume. The book touches on EVERYTHING, including all the alternate timelines, reboots and re-tellings. Very comprehensive.

Very good way to show her history and characters

Like discovering Wonder Woman all over again. Not to be missed by fans.

I bought this book based on the preview images I loved the layout of the pages. And I was NOT disappointed! This is such a comprehensive and beautiful guide to Wonder Woman's entire 75 year history. If you're a new fan in a Wonder Woman craze due to her upcoming film, this book is for you! If you're a longtime fan and just want to refresh your memory on your favorite villains, weapons, supporting characters, storylines, etc., then this book is for you, too! The only issue I had with this book is that my first copy came with its binding damaged, but flew to my rescue and shipped me a new copy which was in perfect condition!

This is a great up to date guide book to DC Comic's top Female Hero that the world has ever seen. It also looks good with the other DK book in your growing collection.
