Daniel Roy is a video game narrative writer and copywriter. He has worked as a producer of AAA games for Ubisoft Montreal, Ubisoft Shanghai and EA BioWare. His published games include *Tom Clancy's Splinter Cell Double Agent* and *Tom Clancy's Ghost Recon 2*.

I picked up this book along with the Survival guide by the same author *The Ultimate Survival Handbook (Terraria)*. This is an excellent guide and even though there is [at least one] great wiki online for this game, sometimes a physical guide helps, especially if you're like me and playing this on the 3DS. I love the color pictures, they are vital for a terraria book. For crafting it is especially great since you can look at how the design will look like in game and decide how to decorate and

what to build. Looking forward to the third volume: Exploration & Adventure. While the cost of all three does add up, I feel like the quality is well worth it.

Good book but the reason for 3 stars, this book is for PC not all platforms such as Kindle version. But it is informative and fun

Tells you how to craft fancy items like the Terrablade sword, and cell phone (child age 10)

Great book for PS4 game Terraria. My kids learned a lot.

ok

Grandson loved it.

Great book!

I'm a die hard Terraria fan, and frequently reference sources while playing this game. The book is a handy reference guide to keep at my desk. My construction and game play have improved significantly!
