Customer Reviews

This is a great selection of fairly simple but interesting pieces of music. They have nice melodies and introduce so enjoyable techniques. Great for beginning students.

A wonderful collection of guitar solos for the intermediate student of classical guitar. They are very musical & offer techniques to practise on.

Hard to find & highly recommended ! I am an absolute beginner and won't get to this level for a while but these are highly recommended by teachers of classical guitar and hard to find. Grab all three volumes whenever you see them!

Wonderful pieces with a real Spanish flavor. They are ordered in degree of difficulty and so far I have only been able to get through of the book.

This is not for beginners.....when you're learning to play classical guitar, wait for at least one or 2

years!

very nice older book

My daughter's guitar teacher recommended this book and she really likes it. Quality construction!

I wasn't familiar with the works of Bartolome Calatayud. Many of these pieces are both easy and beautiful. Highly recommended for the classical guitar student. These pieces are also an excellent source of material for any teacher.
