This is comic book porn with the emphasis on "comic book:" yes, the images & story lines are fundamentally pornographic, but the anime-inspired drawing and all black&white line art content skew it away from being in any way erotic. Cute & funny tho', and the drawing *is* well done if you're not sick to death of anime style as I am. I suppose if I had any drawing talent at all & could only manage to draw anime-style, well, then I'd feel different about it. And hey, the plot lines show at least a little humourous creativity, so I gave it an extra star for that! :)

I enjoyed the first book which prompted me to buy the second book I enjoyed it as much as the first book.
