Sri Lankan Wildlife (Bradt Guides)

Synopsis

In this addition to Bradt's popular wildlife guides, naturalist and wildlife photographer Gehan de Silva Wijeyeratne sets out to show visitors the incredible diversity of this small island nation. Sri Lanka is home to elephants, leopards, bears, and water buffalo and boasts one of the highest species densities of marine mammals in the world. An ideal field guide and armchair read, this book is illustrated with color photographs of species and includes maps charting animal habitats to aid identification. Features include:

- *Habitats and reserves--what species can be observed where, including nighttime viewing
- *Coverage of both terrestrial and marine animals from "big game" and whales to butterflies, dragonflies, and lizards
- *Itineraries for wildlife enthusiasts
- *Stunning color photographs throughout plus photography tips

Customer Reviews

'Bradt Travel Guides simply have the best wildlife coverage of any of the popular guide books.' BBC Wildlife

Gehan de Silva Wijeyeratne is probably the best known wildlife and tourism personality in Sri Lanka. He has authored and contributed photographs to a number of specialist local Sri Lankan wildlife guides and is also the CEO of a holiday company specializing in tours taking in the wildlife, culture, and conservation in Sri Lanka.

I am the happy owner of nine of Bradt's Wildlife guides, and this one covering Sri Lankan Wildlife is one of the best. I spend two weeks visiting some of countrys best nature parks and found this guide most useful. It is in a handy field format covering most of the wildlife you are likely to see on this amazing island, even with a chapter of the underwater world. Excellent photos, well-written and informative text, what more do you want? Highly Recommended.

Nice little book that gives a basic overview of the wildlife in Sri Lanka. And a suggested itinerary at the end of the book. Nice photos and comments
