I have Carl Doy's 2-CD Piano by Candlelight and I love them. I never tire of playing them over and over. The Together Collection is every bit worth it. The way Doy interprets the songs is so soothing. His music goes on all day in my bedroom as my babies come in and out of their naps. I also play this at work. His music is the only that I can truly say doesn't make me drowsy but that keeps me soothed to sleep when I'm in bed. It doesn't startle me to wake up. You won't regret getting Carl Doy renditions. And the price can not be beat.

This album is just wonderful. If you like "background" music for a dinner party or just easy listening at night, maybe reading a good book, you will love this music. I bought this because it was one of Oprah's favorite CD collection. It didn't miss. Highly recommend.

Great music - great production- love the book! Three of my friends ordered sets after listening to mine! Great find!
