My fiancé and I just bought a starter kit and are super excited to share with others about the oils! We are working on the workbook together and we feel so encouraged and have already set up our first class. We share the oils wherever we can. This workbook is so valuable to us and we look forward to encouraging our future team to purchase it as well! We feel so empowered by the tools you have given us! Thank you Sarah Hanisch for taking time to write this book! What a blessing!! Also thank you to your husband and children for allowing you to sacrifice your time with them to pour into us!

I really love Sarah's Gameplan materials!!! It's making a huge difference not only in my YL business, but also my life. You should definitely check out Sarah on social media. Her spirit is just contagious!!! There are 3 different books/materials in the Gameplan series & you're going to want them all!!!

This book is AMAZING as is Sarah Harnisch. Get it along with the book and follow the gameplan and watch your Young Living business flourish. She makes it soooo simple breaks it down to the easiest ever. Get it for yourself and anyone you know that is in Young Living that wants to build their business and say Poverty Over!!!!

I love this book and recommend it to everyone. So much information packed into this book. I use it for referencing all of the time and often just pick it up and read right from the book. BUY IT!! You won't regret it =)

This is an awesome workbook to accompany the Gameplan book. It gives you a chance to set your goals, identify your weaknesses, decide your strategies, and destroy the "I can't do it attitude". This is a perfect workbook to follow each chapter as you start implementing your plan to reach and exceed your goals. Excellently written and great learning tool

This is one of the BEST books I've ever read on the topic of running a people-oriented business. It is inspiring and I'm on my second read through. I would highly recommend it to anyone wanting to run a business, but not lose their focus on people.

Fantastic Book! Love how Sarah takes all excuses away and then empowers readers with simple easy to duplicate instructions. Love how generous in spirit Sarah is in both what she offers within these pages but also on her website. 5 stars is no where near enough to rate this book!
