No Time To Hide (Legal Thriller Featuring Michael Collins Book 3)

Synopsis

Award winning author, J.D. Trafford, is back with the third book in his bestselling series featuring attorney Michael Collins. For years, Michael Collins evaded FBI Agent Frank Vatch and avoided prosecution for purportedly taking millions of dollars in client funds. He had quit the practice of law, burned his suits and ties in a glorious back alley bonfire, and dropped out. He loved his life as a beach bum in Mexico, but the investigation was never over. He was never truly free. In "No Time To Hide," Michael Collins is indicted, arrested, and must account for his past. The only question is whether Michael Collins has one more trick up his sleeve or whether it's all over.

An enjoyable series of books. Just a few flaws though with technical issues. First of all in real life Agent Vatch would have been compelled to retire with his disability, or at least be assigned a desk job, due to the hazardous duty qualifications assigned to the position of federal law enforcement officer. Federal agents must be able to physically respond to situations in the field. In Catch a case he was unable to do so due to his physical disability. Secondly, the court proceedings occurred in the U.S. District Court, in the Southern District of New York. All in all the story was well written and

other than the late two issues the legal facts were spot on.

At last there is closure to the question of Michael's quandary of ending the long battle as to whether or not he took over half a billion dollars illegally. Who would be the victor humor agent Vatch? Must read the first two books in the series for full enjoyment.

Another great story from the author of this story. Will check out what the next story will be out. Will do that now.

Just great stuff. Loved Michael and Kermit. Good vibes all the way through the series. Want much more of this crew.

Trafford's settings (Caribbean and NYC) are completely different both geography as well as characters. Michael Collins not only stole the money, admitted stealing the money, but got away with stealing the money. Keeps you flipping pages to find out how the characters fit into the plot. My first novel by Trafford and was very surprised with the flow of events with the exception of the beginning. The "crowd" had me very confused. The novel rated a 4 star for all the right reasons. Entertaining, suspenseful, legalizes and colorful characters. If you're a fan of legal thrillers but now-n-then want an easy read, NO TIME TO HIDE may be your next novel.

Great plot. A real page turner. In fact I read all three books in the Michael Collins trilogy in less than two weeks.

this third book is as excellent as the first two: intricate plotting and wonderful characters--new and returning. there is little rest for Michael Collins, but with the help of his friends, he keeps finding ways to put rabbits in hats and then magically summon them when needed. & Kermit just gets more and more wonderful. nine bows, J D Trafford: may the sun & seas always be with you.

Looking forward to more adventures by Trafford. Nice pace with suspense, a bit of romance and humor. Great turn of events.
