Honoring that Goddess is so important, and Diane puts it clearly

Its a wonderful book

This is a wonderful book on the Goddess and feminine spirituality and magick. Quite a few female authers contributed to this book amoung them was Starhawk, Z. Budapest and more. The book deals with Wicca and Santaria, mostly wicca though. There is so much love and devotion in this book. It gives you ideas on how to do a solitary or group ritual. It teaches you how to work with the elements. It speaks on being proud of the womans moon time. The joy of life and the Goddess is evident in this book. I hope this book comes back in print again.
