Excellent map book! I only wish they would extend the coverage further north to include South Granville County. Maps #765-770, 655-660, 550-555, etc. are not included in this book, but they are shown in the index in addition to the maps that are included. This means they exist and would not have to be created, there just isn't a book that includes them. Other than that, this book is the right item. If you can find a copy, get one.

I was glad to receive it as I lost mine. I used it all the time I'm not from North Carolina
