For a junior high level Texas history book, it's fair. Would like in this day and age to have a textbook for this class that is a little less Anglo-centric. Tends to jump back and forth in a way that can be confusing to students to cover the events of each period.

Flawless. Thank you!

Had to clean up some of the pages, unsavory writing done by students who had nothing better to do than defacing important literature.

My daughter loves this book. Very easy to follow!

We are moving to Texas, grandkids and all. I figured we had better understand the history!

I bought this book for my children 7 & 8th grade. It is very good for the price and my children can

read the book when ever they need to know the history of Texas and more..

Perfect helped my 7th grader ace Texas history project and exam

Book arrived on time and was as described.
