Customer Reviews

My husband said the book contained some of his favorite songs and was indeed easy to follow, even for a beginner.. Obviously all of Springsteen's many hits couldn't fit in one book but it does contain a good selection across the board of his many albums such as Born in the USA, Born to Run, Thunder Road and Glory Days to name a few. They're such amazing songs. We would definitely recommend the book to one who is interested in getting started in playing Springsteen.

The book is very good. This is not however easy guitar. I have been playing for 9 months and the chords are complex many of them bar chords. I will grow into it

Bought this for my son so easy to read the notes and follow

This is not an EASY TAB EDITION to this beginner so it's not for me. Purely personal so if you aren't a beginner... it may be fine.
