Customer Reviews

Good book, but far less detail than the other books out there of Disney Characters and Villains.

Not worth the money. Might return it. 30 pages, but only 15 different pictures. Very plain and minimal images.

This has to be one of the worst coloring books I've ever purchased. It looks like it was very rushed for publication or a 4 year old drew it. The few pictures that it does have (alot are triplicates) don't even look like the Disney characters. The Disney princess one is just as awful. I had very high hopes from the cover and when I opened the book I was far beyond disappointed. If I could give zero stars I would especially since it was sooo expensive.

I bought this book and was going to return it (missed deadline) but it is very poor illustration (just the villain in the middle of th page) that uses less than half the page. The paper is extremely cheap, and thin. I do believe this is create space though. Still if this book had quality illustrations I would have

loved it. My advice spend the extra 5 or so dollars and get the official Disney one, very thick pages, creative illustrations and a hard cover book.

I Love ã Â Â'Â^ the Disney's. Villains coloring book
