Chasing Mavericks: The Movie Novelization

Synopsis

Based on the inspirational true story of surfing icon Jay Moriarity, Chasing Mavericks tells the story of a young man's quest to surf Northern California's most dangerous waves, and the local legend who takes him under his wing. What begins as a mentorship turns into a unique bond, as the two unlikely friends discover that there is nothing more powerful than pushing your limits and chasing a nearly impossible dream.

This book follows the movie verbatim. Cannot tell which came first. Was hoping to read insights not portrayed in movie (which I saw before reading the book). This however does not detract from the incredible story and life/accomplishments of Jay and Frosty. I am a 47yo landlocked Texan who has taken up surfing, inspired by Jay.

I gave this book a 5 star rating , because it was so heart warming and the story and setup are just beautiful. I highly recommend this book for all the young surfers or anyone that wants a funny, sad , and inspirational story this book is great. The author makes u feel as if you are really there in the set. Through some hardships and good parts this book truly has it all. May Jay RIP.         <img

IT INTO WORDS.ALL I CAN SAY IS LIVE LIKE JAY.MY NEW MOTTO.I MAY ONLY BE 11 but THIS MOVIE REALLY TRULY TOUCHED MY HEART.IT WOULD BE A LIFE LONG DREAM TO MEET FROSTY OR KIM.DEEP BREATHS STEADY RHYTHM DRIVE AND GLIDE

Great story.

I ordered it as a gift for my granddaughter. She had wanted the book for severalmonths. She was so excited when I gave it to her.

Very well written - I saw the movie and read this book and have to say the book is much better. The story line keeps you interested from start to finish. Not just a "surfing" book, this is a great read

Most amazing book! Can't imagine the pain of jays passing, I truly love this book and I have read it so many times, Wonderful book!

I loved the movie and the book was fabulous as well, a very emotional book for me. I can identify with the characters being a surfer since the 1960's and the addictive attraction of the ocean.
