In Another World With My Smartphone: Volume 4

Synopsis

16-year-old Mochizuki Touya marches across the blazing desert sands toward the Burning Kingdom of Sandora. His goal? The Second Babylon. But once again, his journey is not so simple. The land is fraught with danger, and the cryptic words of an ancient doctor echo in the back of his mind. The Phrase rear their ugly heads, the dimensional boundary of the world begins to strain, and the mysterious monochrome boy, Ende, appears once more to puzzle Touya and friends. To make matters worse, a government starts to crumble, falling on the cusp of a military coup! Can Touya and his ever-growing band of adventurers stand against the combined forces of chaotic fate? Or will he finally meet his match? The curtains rise one more on a tale of swords, sorcery, and unnecessary housing renovations.

Customer Reviews

Entertaining light hearted novel in which the MC rescues another kingdom. It takes a bit more effort than in the past, but still not too much, but if you stuck around till part 4 you are certainly not reading the series for the tension.

Have been waiting for this one to come out and it was worth the wait. Love how the plot has evolved, definitely didn't expect Touya to get his own country. Great battles and hilarious hijinks aplenty, can't wait for more to come.

this has pretty much every classic trope a light novel or manga or pretty much any fictional writing could have, mixed in such a way that yes you notice but its expected from the book. Sorry that im writing this review on the 4th book but eh they are all good. The progress is fast in the story but not so much that you go "really? wtf did i just read?" So get it read it and expect OP MC with every mayor trope thrown in!

This volume has everything I enjoy from this series in it and more! If you've enjoyed the previous 1-2 volumes, you'll absolutely love this one!

Getting better, I liked how the short stories tied in better to the main plot. Although I wish they spent as much time on his other betrothed girls and not just Yumina.

I love this series I have read the Web Novel version and bought this for my collection. Can't wait for the next volume.

Love the story! All the small quirky moments, the classic but always funny harem stereotypes! Even the fact that he faces these problems with the carefree mindset! Can't wait for more!

I have thoroughly enjoyed this series so far and I'm anxiously awaiting the next volume. It is a fun read!
