Homemade Silencers And Suppressors (Gunsmithing At Home)

Synopsis

Want to craft your own firearm suppressor or silencer at home? This book offers a detailed guide on creating, installing, and maintaining several different types of firearm silencers (Including pistols and rifles). Offering an easy to use, step-by-step guide, youâ™ll be creating your own weapon attachments in no time. Weâ™ve also included a detailed history of suppressors, as well as a brief outline of the laws in your area. This incredible resource covers it all.

Customer Reviews

Very hard to follow

Unless you have a metal lathe it's cheaper for you to buy your ATF license (\$200.00) and a already made silencer (\$500.00). Rather than take a chance of going to jail with a homage one. Overall the book was very descriptive on how to fabricate a silencer

Never delivered to my Kindle. Finally was told it could not be delivered to my device, so I cancelled it. Just got another invlice showing the charge, so I guess it did not get cancelled.NOT HAPPY!Mike
