While the cartoons and comments are in some instances right to the point, the fact that this was such a tiny book took a great deal of enjoyment out of it. Almost feels like a huge disappointment from what was expected. But then, this attitude may be a symptom of being a crotchety old man.

Another book for my brother for his 70th. He phoned me and was laughing so hard I couldn’t understand him. And this one is also making the round to his friends.

Got this as part of a gag gift for my dads 60th, he found it quite funny and related to many things! :)

perfect to give my husband for his upcoming 70 birthday. funny!

Didn’t realize how tiny this book was until it arrived.

I am a very senior citizen who believes in humor to assist us old folks through the aging process. This slim volume does that, but only some of the time.

Book is very small

Great book, but it’s super small. Not sure how any old crotchety man will be able to read it....It’s like the size of my palm...
