## Customer Reviews

I can honestly say that this book has a lot to choose from! But there was a lot of musicals that I don't know about. That's why I gave it 4 stars. It comes with CDs to practice with and it's fantastic! If you are a musical junky, I highly recommend this book!

Bought to give as a Christmas present for my daughter who enjoys singing and Broadway shows. The anthology has many familiar tunes and quite a few that are lesser known. After opening the gift she immediately went to the piano and started playing and singing along. Great gift at a good price.

Love this collection for my teen students. In addition to the many wonderful song cuts in this book, the book contains helpful notes for young singers on how to select an audition song.

Love this for budding star

My daughter loved it!

This book is the only audition cut book I have found that includes accompaniment tracks. It has tons of songs to choose from and organizes them into useful indexes. There is something in here for every age and ability. My students use this book frequently. I love it!

Lots of songs to choose from.
