From Your Heart To Your Home: Embrace Simple Pleasures, Sweet Comforts, Awaken Your Creativity And Satisfy Your Longing For Home Revised

Synopsis

Your home is your gathering place for family and friends. Does it feel welcome, warm and comforting? We all need a place of belonging, a place to escape to. A place called home. From Your Heart to Your Home covers all of this from the front sidewalk, through the rooms in your home to the backyard. This book will teach you how to refurbish furniture, to grow and harvest plants and herbs, to add scent everywhere in your home, to create, to learn, to have fun and to see your home through your heart. Let's craft, sew, decorate, celebrate holidays, write a journal, do things with our kids, introduce comforts into our lives, let's make potpourri and sachets, remake our bed, make homemade beauty products, make herbal crafts like a tussie mussie, feed the birds, cook, make vinegar bottles and herbal butter, learn to care for a cast iron skillet, supply our own tool box and learn the differences in paint. Let's be aware of some financial problems that plague us daily, the interest of charge cards, learn what BPA is and do some little reading about God. Let's get started. I have lots to show you.

Customer Reviews

Please visit From Your Heart to Your Home on Facebook. Look for my name and see a sampling of this book.

I saw this book on one of my facebook groups. It is an excellent book. Alot of excellent ideas and helpful hints. I highly recommend it,

This is one of the best reads that I have had in a long time. It shared so many tips and projects that I had been looking for. It feels like you are having a face to face conversation with the author rather than just reading a book. A must read for everyone.

I have the kindle version of this book and have referred back to it many times. Excellent ideas, recipes and such. I am trying to keep things simple in my home which means not a lot of books laying around. But tonight decided it's time to have a hard copy of this book on my coffee table.

This book is wonderful! It has something for everyone. From cleaning tips to how to journal to all kinds of crafts to what is most important to make time for. It is all in this book. Reda writes to you like she is sitting right across from you. There are simple step by step guides on all her crafts, so anyone can do them! Great job Reda!
