## Customer Reviews

Borch, a cartographic publishing company from Germany, makes tough, long-lasting maps with non-toxic, environmentally responsible lamination material.

Basically one of the best maps you can get for Cuba, and that's not saying much. I've just come from doing a road trip in Cuba, and this one was my go-to map. Recommended over any other. I've tried them all.

Not only was this great on our trip but I gave it to our guide at the end who really appreciated not only the completeness of the map but also the ability to write on it and erase. I loved the fact that it never got wrinkly or wet on our many adventures, as well as keeping me (a bit geographically

challenged) appraised as to where we were. Light and easy to use. Would highly recommend for a Cuba trip across the countryside.

Very good overall map for getting your bearings and calculating distances. Not detailed enough for driving. For that, go with the International Travel Map (which unfortunately seems to cover only western Cuba). The two together should do the trick.

Very nice, up-to-date map! You can write on it with a sharpie, if necessary, but map is very durable.

Easy to use and read.. The detail is very helpful, and the lamination makes it sturdy and long-lasting.

Perfect

Got it for a Cuba trip. Mom loves it.

Great map for overview but not enough detail.
