# The Mentor's Guide To Biblical Eldership: Twelve Lessons For Mentoring Men To Eldership

## **Synopsis**

This book and its companions, Biblical Eldership and Biblical Eldership Study Guide, provide a thorough, biblical mentoring program to help train church elders. The Mentor's Guide is the leader's edition to the Biblical Eldership Study Guide. Because elders are busy men, and many do not have the time or adequate resources to prepare for mentoring, this guide provides the mentoring elder with extensive answers to all the questions in the Study Guide, along with practical mentoring tips.

Excellent help for the leader

Excellent work!

Great quality

This mentor's guide have provided me hours of thought considerations leading up to the meetings

with the men I am presently walking with.

An excellent study

Great place to start, but not the final answer. I always ask my prospective elder to provide more full answers.

I found this book to be excellent for training church leaders. It is biblically accurate and thought-provoking. It teaches church leaders how to deal with each other and with the congregation. Very helpful.
