Customer Reviews

While it's a great book to learn about each car, don't used it as an authority to identify the flag of England.

My son is obsessed with this book. He is almost 4 and a huge Cars fan. It's very good quality.

Purchased for grandson. He loves it.

awesome book! Just what the kids wanted

My son loves looking through this book to match with the cars he has. However, we were disappointed to find out major players from Cars 2 was left out, and some lesser known Cars where included.

Missing some big Characters like Finn

Highly recommended for all kids and big kids who has been following this amazing series since day one.

Adorable book that goes through each Car featured in all of the Cars movies. Tells you a little backstory for each.
