Customer Reviews

I love Prentice Hall Literature books! I am a home school mom and these textbooks are the exact thing I was looking for to get my son into short stories and poems. For years we have read books but the short stories have questions the student can answer at the end which helps us work on writing too! .

Great text book!

Only reason I could rate less would be if it had been damaged, but it is in perfect condition and at an amazing price.

I used this book for teaching reading to one student after school... it came quickly and the quality is very good, as stated in the ad online... very good!
