Super cute book! I really dislike buying books sight unseen but I decided to trust in the many positive reviews I read about this book and they were accurate. I look forward to checking out some of this authors other books now, thanks fellow reviewers!

This book is one of my two year old son's favorites. Each left-hand page contains the phrase "This little President..." followed by a short four line poem about a president. The right-hand side has an illustration and a fun fact about the president. Some illustrations contain fun talking points, like President Reagan holding a container of jelly beans. The book contains fun facts and simple rhymes, which resonate with my son. His favorite page is the last one, which contains a small, illustrated picture of each president with their last name underneath. He points to each one as I read the name. The book is, of course, now outdated. The final president included is Obama, and his page is written in the present tense. However, I believe it would still make a great purchase. I gifted it to my son for President's Day.

Fun book to read with my toddler, will be interesting if they ever update it what would be said about Trump! ;) Its been written very well, highlighting differences between the featured presidents and lovely bright illustrations. My hubby and I are learning from it too being expats!

First book by Joan Holub, and I'm quite impressed. Much better than "goodnight Washington DC" or whatever that wretched book is called. This one incorporates facts with a flowing lyricism agreeable to parents and children alike. Highest recommendation for history-based toddler books.

What a charming book! As a former DC resident, I love anything that teaches kids about history and the government. This book actually taught me a few things about the presidents that I didn't know before! A great beginner book for history.

This book is so adorable! I bought a copy as a gift for my friend's child and had to get one for myself as well. It has the cutest depiction of past presidents with little facts about them. So sweet!

This is a very simple sweet rhyming book that introduces your baby to some of the most notable presidents. The Obama page is very cool if you're an Obama fan.

One of my 20 month old daughters favorite book. It goes through a few presidents up through Obama. Would recommend for any young child.
