Customer Reviews

This was a huge disappointment. Although \$8.00 is not a great deal to pay for a paperback book, I expected something more. This book is nothing more than a pamphlet and the content is disappointing. Had I been able to see this before buying, I would not have purchased this item, even if the price tag was only one dollar. I would not recommend this.

I think it's a great book, but you should know that Alfred J. Pearson is my Grandfather and I am in the process of writing a book about him and his work as an American Diplomat. He was the first person to interview Hitler after the "Night of the Long Knives" among other things.
