Synopsis

When Alix’s charismatic girlfriend, Swanee, dies from sudden cardiac arrest, Alix is overcome with despair. As she searches Swanee’s room for mementos of their relationship, she finds Swanee’s cell phone, pinging with dozens of texts sent from a mysterious contact, L.T. The most recent text reads: "Please tell me what I did. Please, Swan. Te amo. I love you." Shocked and betrayed, Alix learns that Swanee has been leading a double life - secretly dating a girl named Liana the entire time she’s been with Alix. Alix texts Liana from Swanee’s phone, pretending to be Swanee in order to gather information before finally meeting face-to-face to break the news. Brought together by Swanee’s lies, Alix and Liana become closer than they’d thought possible. But Alix is still hiding the truth from Liana. Alix knows what it feels like to be lied to - but will coming clean to Liana mean losing her, too?

Customer Reviews

Very good romance. This was the 2nd Julie Anne Peters book I read, the first one "Keeping You a Secret" was phenomenal. Julie Anne Peters writes amazing romance novels. Any book she writes is a good one.

I’m a little disappointed actually...I love every one of her books but I expected this one to be the best...I like the story and what the point of it is but I really thought there would be more to it. I love Julie matter what though!!! Thank you for everything you’ve done to help me through one of the

hardest times in my life....

Another exceptional book by Julie Anne Peters! I loved the plotline. It took me by surprise at times. Would highly recommend this book to any young adult. Always a joy to read her books, and I can’t wait to finish her other book It’s Our Prom (so deal with it)

Julie Anne Peters spins a tale of loss and the things you discover about yourself when everything suddenly changes. Good character development, real issues gay youth are facing today and of course a good love story make this a worth while read. I am looking forward to reading more of her books!

Love this book! It was so well put together. I love everything about it. My only thing I wish was better was that I would have liked to know how Joss was doing in the end. But LOVE the book from beginning to end.ÃƒÂ Ã Å¸Ã ËœÃ Å

The storyline was okay could have been better. But it was a good afternoon read while I put off my house work.

This book definitely puts life into perspective. I enjoyed the realness of the characters and the story. I’m glad I bought it I will definitely read it again. The only thing I would change is making the ending longer. I’m still left wondering what happens to them.

This book definitely keeps you interested. With all the lies and secrets who can we believe? Once you get your hands on a copy, you won’t be able to put it down! Great work Julie Anne Peters!
