The Book Of Truth: The Mastery Trilogy, Book II

Synopsis

The second work in channeler Paul Selig's acclaimed Mastery Trilogy, *The Book of Truth* casts your relationships - and what they reveal about you - in a dramatic and radical new light. The channeled literature of Paul Selig - who receives clairaudient dictation from unseen intellects called the Guides - has quickly become the most important and celebrated expression of channeling since *A Course in Miracles* rose to prominence in the 1970s. Selig's previous trilogy of channeled wisdom - *I Am the Word*, *The Book of Love and Creation*, and *The Book of Knowing and Worth* - won a large following around the world for its depth, intimacy, and psychological insight. The first book of his new Mastery Trilogy, *The Book of Mastery*, likewise attained popularity and praise. Now Selig continues the "Teachings of Mastery" with the widely anticipated second volume in his new series: *The Book of Truth*. *The Book of Truth* reveals the simple truths behind the seeming complexities of your relationships; teaches you how friends, loved ones, and even enemies are mirrors of your interior self; and shows how you can truly forgive others and, in so doing, set yourself free. Finally, the book unlocks the secret of human existence and why you must cultivate generative relationships with others: We are all one in the Divine Essence.

Customer Reviews

I have been an avid follower of the teachings of Paul Selig's guides ever since I first saw a YouTube video of an interview he had given. I was captivated and convinced by the fact that he was not always in total agreement with what he was receiving, often questioning the guides

as the channeling progressed. I immediately read his first book, I Am The Word, and have read each book since as soon as I could. I found that first book to be amazing, so amazing, in fact, that I am currently in my sixth reading of it. Early in the text, the guides say that a reader will experience them working with the reader “in frequency.” And I am one of a great many who can say that I did, and do, experience exactly that. You may see reviews that state the content is very gnostic. If that means that there is nothing that conflicts with what I know in the deepest part of my being to be true, then I agree. I have heard nothing in any webinar nor read in any book that I could not accept immediately. And if I had, I am certain that feeling the energetic shifts that were promised would have allayed any doubt I may have had. Frankly, I am at a loss as to what to say about this new book, not because there is nothing to say, but because, of all the books, this one is for me the most remarkable. For quite some time, I felt that those who followed the work closely were being brought along in small steps. Then I began to feel that a community was slowly forming. With this book, however, I feel that we are being guided through “giant leaps” in our evolution of consciousness. If you are a follower of the guides’ teachings, I know that you have waited for this release impatiently. If you have yet to read any of the books, I cannot find words to express to you how important I feel these books are. If you feel you are on a spiritual path, please do yourself a great favor and get this book now.

Our Guides have graciously given us the second book in this trilogy, which I consider nothing less than a gift to humanity. I know who I am in truth. I know what I am in truth. I know how I serve in truth. My hope is for all who seek the knowledge to know what is shared here. With our open minds, the Guides do teach. With our open hearts, they will reach. I am here. I am here. I am here. Read on dear brothers and sisters, for you will not be disappointed! Thank you Paul, Victoria, and all the students for bringing these divine messages to the masses!!

I'm deeply into these teachings. I am deep into a course in miracles and everything that is the revelation of Christ. A comment I would make about these teachings is they could only be underestimated. They seem a little subtle after acim but yet I know they speak on and to many many levels. A similar Voice and yet fills me in a different way. This book is great and the series seems only to get better yet how can I really judge anything, as they seem to address my very moment in a personal way. Magically interactive. A sense of a personal curriculum and the guides seem to be teaching and with me at all times. I intend on reading this book many times as I change

in the process and the new me shall start again.

AMAZING as always! I love this series and each book delves deeper than the one before it! Wish we didn't have to wait a whole year for the next one!

A Light in the Dark. Soul Level. Soul Talk. A helping hand, so to speak. A supportive energy/vibration for individual and collective transformation to the Highest Good, the Highest Light, the Highest Realization of I Am. Love the message. Love the Energy. Love the teaching. Love listening to Paul read the teachings he brings through the Guides. Highly recommend all his books.

Haven't finished it yet but so far so good.

Great.

Excellent Book! I listened to it via Audible, read it on my Kindle and bought the book for a friend. Will listen and read again when I feel myself drifting back into my own little world of nonsense that we all tend to get stuck in... Probably one of the most enlightening books I've ever read.
