ok but expected more on smoking techniques and not just recipes

I'm a big time BBQ nerd and I own several of the popular BBQ cookbooks on the market including the last book the Bill came out with. This is a book that focuses on the different things that you can do with pork, mainly pork belly. Personally I bought the book because I am very interested in whole hog BBQ and wanted to know Bill's take on whole hog. While the information was helpful and the illustrations were nice I feel that some information that I would've like to know wasn't in the book which isn't the end of the world but would've been nice. Overall, the bacon/pork belly recipes, the side dishes that can be used with bacon, and the sauce recipes are definitely worth trying. I did like his last book better however I would recommend this book to the BBQ nerd like me as well as the beginning pitmaster.

Maybe the best book I've purchased for my smoking fanatic fiancÃ©! He can't put it down! He's already made several of the recipes and has several more on tap for our families. Best purchase in awhile.

While I have not yet had the occasion to implement any of the goodness within this book, I have looked it over pretty good. Having said that: I have complete faith in what I'm discovering! I have been outdoor cooking/smoking for several years now, so I think I know what I'm looking for. Pretty sure that I can't miss, regarding where I begin in with these recipes!

I got my copy somewhere other than .However, this book was a great read. I have tried several of the recipes (including the bacon one) and found that it was easy to follow, Very well written, and the end product was perfect. I have recommended this book on several links in social media and recommend it here as well.

Absolutely awesome book! Fabulous recipes!!! Just what I was wanting and looking for!! A book

dedicated to hog with lots of bacon and pork belly recipes!!! A+++

The book itself is excellent however the binding has already come apart and have only had the product approx a week. I have tried several of the recipes and they are spot on. I have been competing in bbq for 6 years now and will definitely incorporate some of the techniques into my bbq tool box. I will be cooking a whole hog in about 3 weeks and am very happy for the pictures detailing the procedure. This book is excellent however as stated the factory that bound the book could use some help.

There is no recipe for bacon rinds or chicharrones, and the recipes for bacon is very salty, but that can be controlled. The instructions are very good.
