The Dragon Wakes (The Land Of Fire And Ash Book 1)

Synopsis

A world built on the tales of dragon kings. Powerful brothers at war. An orphan girl sold as a bride. Long ago, the Kingdom of Estala was a place of dragons and sorcerers. Those with magical powers were more than human, they were Menti. But now Menti sorcery is outlawed by the capricious king, and those who wield it are hunted down by the fanatical Order of Insight to be made into slaves, or worse, executed. Two young heroes find themselves unwillingly thrown into the centre of these uncertain times. Prince Luca, King Davead's second son, has always been the sickliest of the royal children, but in a shocking turn of events, Luca finds himself at the heart of a magical power so great it may consume him forever. If he fails to control those powers, he could be put to death by his own father. Reva Avalon grew up believing she would marry her childhood friend, Prince Luca. But after she is orphaned in the Menti uprising, the King of Estala sells her to his most feared general instead. Young and frightened, but still strong-willed, Reva must survive a harsh new life away from the palace. And in the realm rebellion looms, as do the return of the mighty dragon shifters. Some long for the return of the dragons, others fear it will be the end of the world as it is known.

Customer Reviews

I bought the book because it sounded like it would be a good story. I enjoyed the book very much. The characters are well written, the world building is good and the storyline is interesting. It is a love story without a happy ending..so far. The ending leaves room for more story to come. . This book actually tells a story in a fantasy world relying on plot versus sex. I think that if you like dragons, wizards, shapeshifters, and fantasy, that you will like this book. I know I did.

If you love all things dragon, this is a great series!! I was compelled to read both books back-to-back, then purchased them. Sarah Dalton tells a great story.

This book started a little slow seeming to be written for YAs. It picked up a bit and ended strong.

I enjoyed this book! It was an easy escape!

Great book definitely worth your time to read. Very good world building and defined characters. Eager to start book 2!

When I search up the next book I hope it's free. I loved the book soon much and I can't wait to read the next one

Luv this book

It is a "can not put down" book. Very good description of characters and settings. A surprise ending but given hints throughout.
