Wings Of Fire Boxset, Books 1-5 (Wings Of Fire)

Synopsis

The New York Times bestselling Wings of Fire series is more collectible than ever in this five-book paperback boxed set! A war has been raging between the dragon tribes of Pyrrhia for years. According to a prophecy, five dragonets will end the bloodshed and choose a new queen. But not every dragonet wants a destiny. And when Clay, Tsunami, Glory, Starflight, and Sunny discover the truth about their unusual, secret upbringing, they might choose freedom over fate -- and find a way to save their world in their own way. Discover the first five thrilling installments in the bestselling Wings of Fire series, now in one red-hot boxed set: The Dragonet Prophecy; The Lost Heir; The Hidden Kingdom; The Dark Secret; and The Brightest Night.

Expectation was met & surpassed by my 13 year old. He said it is similar writing style as the Warriors books. He was super excited to get the set! He mentioned the characters are relatable to real life individuals in many aspects.

My son got the first book in the series from his library at school and really likes the books. He did a book report in the first book with a handmade puppet and got an A + +. I recommend this series if or have a 4th or 5th grader.

My son is crazy about dragons so when he discovered these books he just HAD to have them. Nice boxed set comes with the first 5 books (which was good since he had bought the first one over the summer and trashed the cover since he read it so many times!). Great read for my 2nd grader.

my daughter loves these books, the different dragons their abilities are a constant source of creative play with her friends. she is a bit younger than the suggested age and I was worried about the battle scenes and such but she loves the stories so much and deals well with the slightly more mature material.

Great price to start the set. My son, 14 years old, loves to read but is a picky reader. He had asked for one of these books after his friend had one. I looked them up and this set of the first five were a much better value than buying separate. I am glad I bought them. He has been reading them everyday and really enjoys them. He comes to tell me about them all the time. He normally reads mostly manga, such as dragonball, attack on titan, etc... so I was glad he was reading these novels. He is on the third now I believe and will be wanting more.

The 6th grade student I tutor LOVES this series. He read the first book twice! I thought it was time to reward him with the next four. However the content might too graphic and brutal for some - lots of blood and gore. Even if it's "only" dragons getting maimed and killed, be forewarned.

The books themselves are excellent. I haven't read them, but my 7 and 9 year old are HOOKED. If your child loves fantasy books like Harry Potter and wants a long, good read, this fits the ticket for both my son and daughter. The 3 stars is because the description is incorrect. This is NOT a hardcover set; it is paperback. I prefer to get the thicker books in hardcover because spines of often read books will crack over time.

I've never read these books personally, but my 10 year old daughter has been reading and rereading them for two years now. She enjoys them so much her books have become quite tattered. We bought this set as a gift.
