Goodnight, Little Monster

Synopsis

Little Monster needs to get ready for bed. That means howling at the moon, scrubbing his scales, getting into his creepy PJs, and enjoying a nice snack before bed: worm juice and baked beetle bread. And, of course, Little Monster's mother is nearby to tuck Little Monster into bed and turn on his night-light because even little monsters can be afraid of the dark. Bonnie Leick's soft, child-friendly illustrations rendered in watercolor bring a new and quiet twist to the evening's bedtime ritual. Sweet dreams, Little Monster!

Customer Reviews

Beautifully illustrated, large, and an engaging story that keeps our two-and-a-half year old enthralled. It costs more than the average kid's book (at least the ones I've ordered) but is well worth the price.

Sweet little story, with beautiful watercolor pictures. One of our favorites this year for my 4 and 5 year old grandchildren.

This is a feel good bedtime story with a great creative twist. It will make bedtime easier and open kids up to difference.

The rhythm of the book held his attention and made him laugh. He's learning to sleep in his own bed so this works.

Time for bed? That means there's howling, scrubbing, brushing, and several other things to do before this little monster is safely tucked in bed. And lots of fun and smiles for your little monsters as they follow along. My favorite part? Checking for scary children under the bed.

This was a great book to read to your kid before they sleep. The illustrations are adorable and my own little monster has decided this is her favorite night night book.

Our four and six-year-old boys love this story. This story gives the monster's perspective on bedtime routine and fears. It is in our regular bedtime story rotation.

My son loves this story! He can totally relate to the story. This really helps him get more settled in at night
