Vienna: The Ultimate Vienna Travel Guide By A Traveler For A Traveler: The Best Travel Tips; Where To Go, What To See And Much More

Synopsis

Congratulations! You've Found The Ultimate Travel Guide To Vienna. Why You Need Lost TravelersFirst, we would like to thank you for considering Lost Travelers as your guide book. Allow us to explain our beginnings and the reason we created Lost Travelers. Lost Travelers was created due to one simple problem that other guides on the market did not solve; loss of time. Considering it's the 21st century and everything is available online, why do we still purchase guidebooks? To save us time! That's right.Since the goal is to be efficient and save time, we did not understand why there are several guidebooks on the market that are of 500 to 1000 page long. We do not believe one needs that much bluff to get an overview of the location and some remarkable suggestions. Considering many guidebooks on the market are filled with "suggestions" that were sponsored for, we have decided to take a different approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission is simple; to create an easy to follow guide book that outlines the best of activities to do in our limited time at the destination. This easily saves you your most valuable asset; your time. You no longer need to spend hours looking through a massive book or spend hours searching for information on the internet as we have completed the whole process for you. The best part is we provide you our e-guides for one-third the price of the leading brand, and our paper copy for only half the price. "The World Is A Book And Those Who Do Not Travel Only Read One Page" - St. AugustineThanks again for considering us, we hope you enjoy! Customer Reviews

I didn't know much about Vienna. This book was a good introduction into the history, culture and life of that famous city even though the book is to be used as a guide to those who plan to travel and spend time there. As a travel guide it services its purpose quite nicely. It highlights all the exciting, interesting and entertaining places as well as historical and cultural landmarks. From museums and galleries, theme parks to landmark structures to the oldest and most famous Viennese zoo, their coffee houses, music centers, ski resorts and many more. Good detailed description about accommodations, transportation and safety, eateries and show and performance centers as well as various clubs for those who wish to go out and about at nighttime. The information piqued my interest enough I've earmarked Vienna as one of the many European cities I hope to visit someday.

Not enough information to qualify as a comprehensive guide. Obvious places that would appeal to visitors were omitted, while some obscure places were included. I think this was a book that highlighted the author's favorites, as it was apparent that the author was well acquainted with Vienna. Not a book for the first time visitor.

I would love to go to Vienna. It seems to be a very beautiful country with great places to go and things to do. This guide tells you some of the most important things you need to know about Vienna if you're planning on visiting the city, in the book you'll find places to go, safety and transport information, expected price ranges for different services, what to eat in Vienna, and much more. My favorite part of the book was chapter 8: "Things you can only get in Vienna", I would love to go to Tiergarten Schonbrunn Zoo, which is the oldest zoo in the world! Good travel guide!

My boyfriend and I have been thinking of places to go on our next out-of-country trip for next year. Vienna is one of our options, and after reading this book, we have decided that Vienna will be our next destination. One thing I will definitely remember though, as I love saving money, is to book a taxi in advance as it can save us about 40 euros! Definitely recommend this book to others if you are determining where your next trip will be to!

Will have to add this to my bucket list. This was a very good informational book on the City of Vienna. I didn't know it was the 6th largest in the EU. The links to the attractions and low-cost hotels are a nice touch. I want to try the tap water there since it comes from the mountains and is supposedly better than bottled water.

Is very helpful guide to Vienna

too brief and few pictures

Vienna is an old city full of historical significance. This book really highlights all there is to see and do there. I am planning a trip to Europe this winter and am looking forward to checking out all the spots highlighted in this book. I can't wait to see the charms of this great European capital for myself.
