## Customer Reviews

"The easiest college reference to use."--Anne Lewis, Supervisor of Guidance Services, Loudoun County Public Schools, Va.

The College Board is a not-for-profit membership association whose mission is to connect students

to college success and opportunity. Founded in 1900, the College Board is composed of more than 5,700 schools, colleges, universities, and other educational organizations. Each year, the College Board serves 7 million students and their parents, 23,000 high schools, and 3,800 colleges through major programs and services in college readiness, college admission, guidance, assessment, financial aid, and enrollment. Among its widely recognized programs are the SAT(R), the PSAT/NMSQT(R), the Advanced Placement Program(R) (AP(R)), SpringBoard(R) and ACCUPLACER(R). The College Board is committed to the principles of excellence and equity, and that commitment is embodied in all of its programs, services, activities, and concerns.

It is nice to have a book to use at home. I have two teens who are making college plans and this helps them narrow their choices easily. It is actually faster than an online search.

Excellent resource and time saver. The internet is great but sometimes a reference book in hand makes it possible to find things more quickly.

Good source of objective data on colleges. While it is published in the summer, it reflects the information from the prior admissions year.

Comprehensive reference guide for information, comparisons, and effective decision-making.

great price used!

I use this with my 8th grade career planning classes, and it is just perfect!

There is a lot of good information in this book but it is a bit overwhelming and i dont love the organization of it. Rather than by state i would prefer a national list - sometimes we were not sure was state a school was in. This is also a tough year with the SATs scoring system changing - not this books fault but that change makes the usefullness a little less. We especially love the listing of the top5 things each school pays most attention to.

Too overwhelming.....If you are looking for a dictionary this is it!
