Stalked! My Encounter With A Colorado Bigfoot

Synopsis

A wild story of dread and horror in the remotest part of Colorado, 'Stalked!' is full of adventure and tension. Brad Morris relates this terrifying tale of an encounter with a Bigfoot at 14,000 feet in the Colorado Rockies, where he finds something that will change his life forever. But this discovery also results in something strange stalking him, and Brad soon finds himself not only fighting his fears and an early high-altitude snowstorm, but also a strange creature whose intentions are unknown.

Customer Reviews

The scenery was so well written about that I felt like I was there enjoying the beauty. Not saying I don't believe but it is a very incredible story. Been fooled before but if it's true I envy you. (About certain parts) If not, I enjoyed it all the same. Only you and the creator know the truth.

The book is more about the author hiking in the forest then looking for a big foot.

Well IF this story is true in its entirety; it is a remarkable tale. If not, it's still a well-written adventure from a man with a love of the outdoors and a knack for telling his story in vivid detail. This is a quick read and you feel like you're tagging along with Morris on what turned out to be a harrowing few days in the Colorado mountains.

I really enjoyed this book. It is well written, and kept me interested from beginning to end. Whether it's a true story or not, I don't care. I truly hope it was!

I loved the book, I truly did but as other viewers mentioned, I found the rescue a little suspect....he's weak and exhausted, how WAS he found? how could he have been heard if he did cry out?. What are the odds of a "human" couple just by happenstance walking by?; Or maybe, just maybe if one is spiritual at all, his late father may have been around the entire time.....I believe in Bigfoot. Thankfully he encountered a compassionate one, both times!

This is a fascinating and truly terrifying story! It was a page that I could not put down but really wanted to because it was so scary. Great read made even better because it is a true story.

Excellent book with an exciting story. The author provided good details and the telling seemed quite plausible. I definitely recommend it.

An exciting read! One of those books you tuck in bed with you on a rainy Friday night. It would make a good movie which I would pay to see.
