The ABCs Of Violin For The Intermediate, Book 2 (Book & MP3/PDF)

Synopsis

This best-selling instruction book along with download is perfect for an Intermediate player of any age on the Violin. The many melodies plus short warm-up exercises and study pieces advance students technically in an easy and enjoyable way. It includes graphs to show new left-hand finger placement, a note-reading worksheet, and practice chart. As a direct continuation of the ABCs of Violin for the Absolute Beginner, Book 1, students will learn additional slurred bowing techniques and rhythms, new major and minor scales, and new key and time signatures. Flat key signatures are introduced in an easy, logical manner. The included digital download consists of three components: 35 mp3 performance pieces of violin solo with piano accompaniments, 35 mp3 piano accompaniment tracks by themselves for play-along, and a printable pdf file of the piano accompaniments. Some of the outstanding melodies: Beethoven's Russian Folk Song, Haydn's Surprise Symphony, Mozart's Minuet, Turkey in the Straw, Hanukah, Cherry Blossoms, Amazing Grace, Beautiful Dreamer, Joy to the World, Deck the Halls, Auld Lang Syne, Row Your Boat, Tchaikovsky's Piano Concert Theme arranged for Violin, Wohlfahrt's Study No 3, Janice Tucker Rhoda's Gigue Study and Rock & Roll Study. Performances by violinist Yuki Beppu and pianist Artem Belogurov. COMPANION BOOKS & DVDs: Complete Technique for Violin, Book 1 contains studies and exercises for the advanced beginner to upper level student. Positions 1 through 5. ABCs of Violin for the Intermediate Player DVD contains all pieces in ABCs of Violin Books 1 and 2. ABCs of Duets for Violin book contains duets in first and third positions.

Customer Reviews

"Extremely clear and beautifully organized, The ABCs of Violin are a truly valuable resource for every teacher of students in the early stages of exploring the instrument. They are immensely helpful not only in laying the essential groundwork, but also in making the process enjoyable."

--Dorothy DeLay, Violin Pedagogue, Juilliard School

It is never too late to begin playing Violin, Viola, Cello, Double Bass and other musical instruments. Read my popular article: [Why do Adults Learn to Play Violin Quicker than Children?](http://www.abcsofstrings.com/learnviolinquick.html) ~Janice Tucker Rhoda, Author ABCs of Strings and Complete Technique

When I started teaching the violin years ago, I used these books as companions to the Suzuki books. They are a nice, simple way to introduce concepts one at a time. I am equally pleased with the viola books. The books are easier than the Suzuki books, so I use these to introduce a concept, then teach the Suzuki song that accompanies the skill. Highly recommend. If you are trying to learn the viola and already have prior musical experience, you can probably use these books to teach yourself. If you have no musical experience at all, you will probably need an instructor to get you through them.

This is the book I am using currently. This book series gets you playing in a very short amount of time. I can now play music with the violin that is generic sheet music. I think I am on my third month

of learning to play the violin. Not too bad for a senior citizen learning new things. You need to start with Book 1 of the series first.

granddaughter loves it

Janice Tucker Rhoda has the best violin teaching books out there. I happened upon Book 1 not really knowing what I was getting then began taking lessons. My teacher is so impressed with these books and Rhoda has included fun familiar songs plus several of her own, and they are very good. I would recommend anyone wishing to learn the violin to get the ABC's of Violin books!

"Intermediate" means exactly that...assumes you have familiarity with reading music and playing your violin. Practice, practice, practice, and, hopefully, after you've mastered the music in this lesson book you and your calloused fingers will be ready for more advanced fare.

I bought the more expensive, "Sheet Music" version of this book because it came with a CD. The CD was supposed to have audio files and a PDF document. It turns out that whoever made the CD did include two copies of that PDF file, but forgot to add the audio files. Since I do not play the piano, I do not own a piano, or play in the company of anyone who has a piano, that PDF file is next to useless for me, right now, and with no audio files, which I would have used to listen to the tunes in the book to hear if I am playing them right, that CD, that I paid extra to get, is useless! Feeling ripped-off! At least the lesson book has print on its pages, although the quality of this book is not as good as the quality of the first book in the series. **MACJR Update (second attempt) November 25, 2016:** This situation is being resolved. I tried to post this update once already, but that update did not get posted, which I notice happens sometimes. I changed my star rating from 3 to 5 because Janice Tucker Rhoda has gone above and beyond to resolve the main issue I had, missing mp3 files on the CD that came with the book I ordered. Also, I do like the ABC's of Violin books. Their progressive lesson style keeps me challenged and engaged, and I like the tunes. I do hope this time, my review edit will post. **MACJR**

I started with book one and was surprised with the amount of information and the number of well known songs in it. Beginning players want to play music they and their friends and family know, this series is a great way to start.

I love having actual songs to play.
