Husband-and-wife team Boris Vallejo, America's premier fantasy artist, and Julie Bell, designer of the popular Dragons of Destiny series—are the creators of Boris Vallejo & Julie Bell Fantasy Calendar.

I have always loved fantasy art and my two favorite fantasy artists are Boris Vallejo and Julie Bell. The artistic ability to make their creations come alive with vibrant color and erotic themes is a pure feast for the eyes. I have purchased just about every calendar they put out and I just received this 2015 calendar. Like all their art work I love this one with a cover of a beautiful woman riding what looks like the mythical flying horse Pegasus. The beautiful themes in this 2015 calendar include the following: Mother Earth, Faery, Shade, the consortium, the first lesson, Sojourn, Role reversal, trail of Mama Ocllo, the dreamer, the standoff, the three winds, and Naiad. Besides their calendars I have purchased Boris Vallejo and Julie Bell's fantasy art book collections over the years. If you are into fantasy art you should check out this calendar by the two geniuses of this

genre. Rating: 5 Stars. Joseph J. Truncale (Author: The Samurai Soul: An old warrior's poetic tribute).

The 2014 Vallejo - Bell Fantasy Calendar was below the usual standards of Boris Vallejo and Julie Bell, but acceptable. Their 2015 Fantasy calendar was not acceptable. Pictures are insipid, not particularly interesting. The beauty was muted and the artwork did not rise to past calendars vision of a fantasy world. I may not buy the 2016 calendar next year. I thought Luis Royo's 2015 calendar was much more interesting and intriguing, an Asian fantasy that is more beautiful than the Vallejo - Bell calendar. NOTE: the processing, packaging, and delivery by was perfect. THANKS.

This fantasy calendar, from the legendary Boris Vallejo - who is widely recognized to be the leading graphic artist currently working in the field, in collaboration with his wife, Julie Bell (who frequently serves as the model upon whom he bases most of his graphic illustrations of women, and who frequently serves as the collaborating graphic illustrator, features immaculately executed graphic illustrations incorporating painstaking and meticulous studies of the human figure and other subjects rendered in loving detail, and is definitely worth the asking price.

I buy these calendars for the fantastic art work of Boris Vallejo & Julie Bell. I grew up in the 50's & 60's during the great resurgence of Supernatural phenomenon from books to movies. These pieces of art bring back a bit of my youth with their depictions of sword fighters & beasts as well as the fantastic backgrounds. If you haven't bought one of these calendars I highly urge to do so. The spaces for the days are large enough for important notes or Birthdays.

I bought this book as a Christmas present for my son who really enjoys the artwork of these two wonderful artists. It is a beautiful calendar with beautiful colors, beautiful characters and great interpretation of animals drawn beautifully. It is great art work. Boris and Julie are masters of fantasy art. My son has had the calendars for many years and it has become a staple Christmas present for him. Adds magic to the New Year.

I have collected these amazing works of art by Boris and Julie for 15 years now and I still admire each month's art as much as I did when I was younger. Plus, you can't beat the deal is offering it for; this was the first time I purchased the calendar online and I paid a third of what I have paid in calendar stores in prior years. Great product

I get this calendar every year its awesome nice art work every year

I have about every calendar that Boris Vallejo and Julie Bell have published spanning back to the eighties. Again this another fine example of their collaborative work. I have noticed that Julie's work has gotten better and better each year. I hope they keep going with these calendars for years to come.
