I seriously LOVE this coloring book. There are a ton of sweary coloring books out since adult coloring books have become more popular, and most of them have the same phrases over and over. But this book is so different, I haven't seen the majority of these phrases in any other coloring book. The designs fill the entire page, which is what I look for in a coloring book. Around the border is about an inch of a white border so I can frame these sheets once I'm done. There are two copies of each image, so I can use different color palettes for each one. The pages are of good quality and are non-perforated, with the design on the front side and the backsides are black, which helps to prevent bleed through. These are not boring designs, that will keep you entertained for HOURS!

Chill the **** out has given me the chance to just sit down and relax. I can hardly wait to color some of these as presents. The phrases are hilarious and the artwork is on point. Sometimes all you need is some choice phrases, colored pencils and a Jade Summer coloring book! You're on your way to relaxation and a little fun! The free PDF copy is the gift that keeps on giving.

Great gag coloring book to buy for somebody! Even better because it has very good designs in it to color.

Purchased as a gift for my older daughters. They were jazzed to get them.

If you have her other book similar to this one called calm the blank down and color you pretty much have this book as well. Very similar backgrounds but just with different quotes. I enjoy these styles of pages for Mindless coloring so I find it very worth the price to have both books. There are two pages of each picture and you also get a code to download. The code is worth it to me to make sure that I buy every single one of her books so that I can print out as many copies did try different techniques as I want

This book is funny and calming. I don't regret buying it. Just wish they didn't repeat themselves.

Fun to color

Great coworker gift!
