All Things Necessary: A Practical Guide For Episcopal Church Musicians

Synopsis

This is a complete revision of a detailed resource which has been the essential guide for church musicians working in the Episcopal church for the last 20 years. *A Guide to the Practice of Church Music* (1989) was originally written by Marion J. Hatchett, who taught for many years at the Episcopal seminary at Sewanee, was key in developing materials for the Hymnal 1982. This updated revision contains brief, but articulate discussions of the role of music in the church, the variety and nature of music ministries (people, cantor, choirs, organists, directors, instrumentalists, clergy, and music committees); principles for the selection of hymns, psalms, canticles, and other service music and their sources in materials from CPI and beyond; guidance for planning services for all rites of the church in the BCP and the Book of Occasional Services. Updated revision includes hymnals, electronic resources, and materials published since The Hymnal 1982

Customer Reviews

This is an excellent resource for all church musicians and clergy, but especially for less experienced ones. I often purchase the book for newly ordained priests. I highly recommend it!

It has given me so great ideas for my position as church organist. Since i have completed the Leadership Program for Musicians and the author was one of its beginning sponsors years ago, I felt like she was talking to me.

This book will become essential, at least for the next few years. Ms. Rideout has provided excellent resources for church musicians and clergy. I have used it with prospective ordinands to good effect.

This excellent and expert treatment of its subject fills a gap that badly needed filling. The book's wealth of information and insight could benefit church musicians of all varieties.
