See With Me Bible: The Bible Told In Pictures

Synopsis

A Bible especially for pre-readers! A prequel to the bestselling Read With Me Bible, the See With Me Bible features twenty-five Bible stories for children ages six and under. Illustrated by Dennis Jones, this Bible is told with great visual detail that unfolds from page to page—it's perfect for pre-readers.

Customer Reviews

This Bible is a wonderful "prequel" to Zonderkidz's bestselling Read With Me Bible. Once again illustrated by Dennis Jones, this Bible storybook is designed for ages 4-8 but especially for pre-readers. Approximately 25 Bible stories are told through 15-20 illustrations per story. Through visual detail that unfolds from panel to panel, you can easily follow the storyline, even if you have never heard or read the story before, even if you can't speak English, even if you can't yet read. As the category leader in Bibles and Bible storybooks, Zonderkidz is building on its past success with the Read With Me Bible, offering consumers a new format choice in Bible storybooks. Through the power of pictures, Bible stories unfold, leading people to a better understanding of and love for God's Word.

Dennis Jones loves to draw. His artwork can be seen in books, magazines, games, toys and Sunday school curriculum. He's illustrated several print products including the NIRV Super Heroes

Bible. Dennis lives in Indiana with his wife Karen and has two grown sons. SPANISH BIO: Dennis Jones le gusta dibujar. Su obra puede encontrarse en muchos libros para ninos, en las cajas de cereales y en las tareas de la Escuela Dominical. El tambien ha ilustrado Lee conmigo la Biblia y Superheroes de la Biblia para Zonderkidz. Dennis vive en Indiana con su esposa y dos hijos.

This Bible is the best. It has almost no words, so you can tell the stories in as much detail or as little detail as you want. The pictures are fun, colorful, and make it very easy to tell what is going on in the stories. I originally found this at our local goodwill for \$8 and started going through it with my son at 18 months old. We just looked at the pictures and pointed out the animals and the names of the people, not much story line at first. We have done this every night for over a year now and it is still his favorite go to story book. I obviously tell much more of the stories now, but starting them young helps you develop how to tell the story with each picture, and with enough repetitions you can tell it the same way every time. I bought this one because the one I have is getting trashed due to the heavy use by a 2 yr old, and I wanted one in good condition to start with my daughter. I was surprised to see the price at over \$100 for a new one, and I would not have let him turn the pages had I known the price of this new. When this arrived my son was very excited to see a new one and wanted to read it even though he already has it and almost has it memorized. I found a used one and am very happy with it. I also found the "read with me the Bible" version that mirrors this but with a few more words and is cheaper for a new one. I will start there with my daughter and graduate to this one when she is less of a page tearing threat.

For kids ages 1-6 year old. Great color illustrations in pictures as stated in description. An adult person will need to explain the stories of the pictures to the child while viewing. Some violence illustrated as explained in the Old Testament but does follow the works of God through His people in pictures! With no explanations of the pictures is why I gave it four stars. If you buy this book, be prepared to explain pictures.

I love this! It is so wonderful! I can show to my kiddo's and see if they can tell me the Bible story with just the pictures!

My 3 and 5 year old love this picture Bible. They ask me to "read" it to them and since there isn't much text (maybe one or two lines per story) they like to linger on each page and really look at the pictures. Having a book which is all pictures seems to engage them- I find that they ask lots of

questions. It is also a nice way for me to read the story aloud from my Bible while they look at the pictures in the picture Bible and follow along. Then I ask them to "read" the story to me. Other favorite picture only books are Noah's Ark by Peter Spiers and Journey by Aaron Becker (not a Bible story).

Love this book, no words, only titles, the kids love it. I find at their ages (10, 7, 4 and 2) that I'm "reading" their children's bibles by telling my own version of it according to what lessons they've learned lately, what their current interests are. Sometimes I emphasize certain pieces of bible stories and sometimes at the younger ages you need to just summarize a few parts. This book is not to replace a good children's bible, but a PERFECT addition to any Christian home.

Loved the illustrations in the book, they are vivid and well drawn. Unfortunately, the copy that I received had stains both on the cover as well as some of the pages inside. Several pages were also folded at the corners.

A great book to give as a baby or birthday gift. Especially great for parents who don't know the bible stories exactly as there are no pictures. The boys love to create their "loose" bible story. It is great for planting the bible story seed.

Dennis Jones uses bright and comic illustrations for this See With Me Bible for very young children (and their parents or grandparents.) They are a visual delight, one page after another. This is an accessible way to present first Bible stories to children. However, it also forces the presenters to bone up on the stories before starting the book so they can explain what is happening as they go along. A later edition has a few more words of explanation in it, and if I buy another volume, I will opt for that one.
