The Barbados travel book was very helpful. It gave detailed history of the island and just the right info on the various island activities, hotels and restaurants. The BIG island map was too big and impractical - if it was reduced to fit with the purse size book that would have been great!

We spent 2 weeks in Barbados and this travel guide was very helpful. The size is compact and the map was very handy. There don't seem to be many Barbados guide books.

The quiet good map is accompanied by a bore of a tour book with very little info about anything. It really is a waste of money. Hated it.

A god guide to travel with. The map is helpful, especially being made of tough material.

not all that helpful.... but Barbados was wonderful!

This was an excellent map that I used throughout Namibia. I would buy a Globetrotter map for my next trip.
