# Very Best Of Nina Simone (Piano/Vocal/Guitar Songbook)

## **Synopsis**

Of all the major singers of the late 20th century, Nina Simone was one of the hardest to label. She recorded extensively in soul, jazz, and pop and was also comfortable with blues, gospel, and Broadway. She has subsequently been labelled as a soul singer in terms of emotion, rather than form. Her repertoire included jazz standards, gospel and spirituals, classical music, folk songs of diverse origin, blues, pop, songs from musicals and opera, African chants as well as her own compositions. Love me some Nina Simone

Born on February 21, 1933, in Tryon, North Carolina, Nina Simone received a scholarship to study classical piano at the Juilliard School in New York City, but left early when she ran out of money. She turned her interest to jazz, blues and folk music and released her first album in 1958. In the 1960s, she became identified as the voice of the civil rights and wrote songs about the movement. I highly recommend this book.

I love Nina and these arrangements are great. Not easy to play but wonderful to listen to. Clever lyrics that speak a truth.

It is a gift and it arrived faster than said so it made it for Christmas. It is for my daughter.

Awesome Cd,, Love Nina Simone,, Love her character and her essence. Wonderful performances and good renditions of Nina's work,, Great!

It had all of the songs listed on the photo. They were all of the songs I really wanted! Nice book.

The description said it had the song I wanted- but it arrived and nope

We bought this album for the song "Sinner Man", loved the music we heard in movie "Cellular" with Kim Basinger. That song is great, plus a bonus surprise were the other songs. Her voice and range and words are exceptional and insightful. Highly recommend, very soulful bluesy music with some

religious messages.
