This line of sticker books is a great bargain. I got the entire collection for my 18-month old grandson. (Seasons, Baby Animals, Ocean, Space, Farm Animals) What a hit! He has covered his windows with stickers and they are easy for mom to remove. Themed books are nice topics for learning and talking. Pictures are really interesting to toddlers. Used for distractions at restaurants, in car seat and for rainy days. Grandma wants more selections!

This sticker book is loaded with hundreds of different kind of ocean life stickers. We used it for a school project. Came out awesome.

For the price, I couldn't believe how many stickers you get. It's the size of a book, not small at all. One sheet of stickers is so expensive, this one is so worth the price.

Very disappointed in this product. The stickers are not reusable at all. If you are shopping for reusable stickers do not buy this!

These are cute, but they are not reusable as it says. My son actually ripped them trying to get them off and re-stick.

Love these stickers. Highly recommend.

Very nice. Kids will love them.

g'son loves this
