Customer Reviews

This is an excellent book. Well written, well researched, succinct, full of information and inspiring. It is a true story of how a group of determined people succeeded in achieving a goal when the people controlling the local government were against them. Rosa Parks and Martin Luther King, Jr. came out of a movement built by the hard work and courage of hundreds and thousands of people. King and Parks were trusted spokespeople for a much-larger grass-roots movement. The standard narrative is that Rosa and Martin acted largely on their own, but Freedom Walkers shows the many ordinary people who were the heart, soul, backbone and brains of the movement. There is no reason this book should be classified as "grades 6 to 8", as adults reading it will find it fascinating. It holds many lessons we can still use today.

It really was a great book. The author did a great job of keeping the reader interested. I wanted to know more about the civil rights movement and the author did a great job with that. I DEFINITELY recommend this book to anyone who is interested.
