Customer Reviews

Each lesson in this new release commands the attention of children while at the same time communicating a significant truth of Christian faith. All are pretested, having been used effectively in both television and worship service settings.

Love this book . Think about it why do you remember stories or jokes or illustrations ? Why did Jesus use them all the time ? Well honestly it's so people get what your trying to say, and "remember" it . This is a kids book but I use it in my sermons shhhhh don't tell :)

This book was very easy to follow and use when I do children church. . The lessons were easy to understand. I love the topics in this book.

I have used many of these lessons in our children's ministry. The guide is easy to follow and most lessons have simple prep. Thanks!

You can never have enough object lessons. Kids learn by doing and seeing how the Bible relates to them. These object lessons spark conversation in the home and classroom. The book arrived quickly and was in excellent condition.

Adequate. Mostly for older children.

I enjoyed this object lessons sermon book. It gives a lot of lessons with daily objects that can be easily found. No need to do anything complicating. I would recommend it to Sunday school teachers and childrens ministry leaders.
