Healing Touch For Dogs: The Proven Massage Program

Synopsis

Distinguished veterinarian and animal psychologist Dr. Michael W. Fox shares his pioneering 6-step dog massage technique, which is not only a healing tool and healthcare measure, but also affirms the bond between you and your animal companion. Drawn from more than 30 years of experience, Dr. Fox provides an orientation to basic dog anatomy, physiology, and psychology, and then addresses, through easy-to-read instructions and detailed illustrations and photos: Why dogs need massage How to understand your dog's body language How to develop a massage routine How to diagnose illness with massage How to keep your dog fit and healthy This newly revised and updated volume is an essential guide for helping and healing our animal companions.

Customer Reviews

The title interested me. In order to feel comfortable performing specific massages will entail further study. However, the conclusion comforted me to simply love my animals and do my level best to express and give it freely to them.

My Ferb babies just love it! I wish they could massage me.

I enjoyed this book and had a lot of fun practising on my own dogs with good results. I think a must read for anyone who wants to seriously get into the world of canine massage. I do also suggest undertaking a practical course for those planning massage as a business.

Had a very elementary source on this subject so this is a more advanced treatment of the subject and a nice addition to the animal health and wellness shelves in my library.

Very basic, but does give a good background for the technique.

All Animal lovers need to read this book. Its easy to learn. The animals you massage will let you know how much your helping them by the way they move their body into position and trust your touch.

Its easy to read you dont have to know alot about the dog anatomy...

Wonderful book
