## Customer Reviews

Once again, Tara Star is the best author for the kids book in my opinion. My niece really enjoy

reading all of her books from this awesome author. Her birthday is coming very soon, which makes it's perfect timing for her to read this today. She loves her cat too. So this book is very wonderful book for her. I also noticed that she feels really excited when reading this. It's definitely a highly recommended kids book!

There are quite a number of kids books out there, and I have shared many of them with my niece. She particularly enjoyed this one. She loves animals, especially cats and dogs, and this story was simple enough for her to understand easily, and she absolutely loved the pictures. Definitely gets a recommendation from me, and her!

An amazing children's book with a memorable theme, beautiful pictures, and characters that your children will absolutely love. The way the lessons are taught are subtle and well done, through the use of imagery and fantasy. It's a good story book for kids of all ages. Highly Recommend

I enjoyed this very short story that had some excitement and mystery in it. It also has some beautiful illustrations in this book. For these reasons I feel that this very short ebook for the very young could do with a five star rating that I would recommend. I received this ebook for free and in exchange have now given it an honest review. Great job Tara! By Angela
