Neatly organized, easy to digest in short, teachable moments.

That is the book I was looking for.

It's useful.

Helps me alot

After attending a workshop for Adult Education and getting the teacher's manual for both these books,I decided they would be perfect for activities in my job.Activities are similar for each lesson, but varied enough to appeal to almost all learners.These workbooks are an excellent addition to ABE.

This is the text book I had been looking for.I think I can build my vocabulary with fun with easily.

I use this for my intermediate-to-advanced ESL vocabulary class, It has consistently great words

and great exercises. Chapters each have ten words. First the author uses each word in two sentences. Then, students are given definitions and are asked to write the appropriate word next to each definition, This is followed by three progressively more difficult fill-in-the-blank exercises.

great value
